

“A kiss under the snow”

December 25, 2022 ([First Christmas](#))

MERRYYY CHRISTMASS MERI JAAN 💜💜💜

You once told me how much you love Christmas. That day, I really really wanted to go ahead and change my flight so that I could spend our first Christmas together but unfortunately it couldn't happen 😭😭😭

Even though we're apart, my love for you grows stronger and stronger by the day, and I yearn for the day we're together again, which is so soon 😊😊💜💜

I hope that you still have a lovely Christmas Day with your family. Have insanely good food (goddamn, that menu looked EXQUISITE) and great company!! Merry Christmas, and I love you with my whole heart (even the aorta which I recently patched up) 💜💜💜

I know it's strange to say but I truly look forward to many more Christmas mornings with you in the future, and the many Christmas Eve kisses and movie nights 💜😊😊. All those videos that you show me that show our beautiful, romantic culture, that's truly how I want to lead my life too 😊💜💜
