

## The Sleeping Angel

January 4 ([Jism jaise ke suraj ki pehli kiran](#))

Oh my dearest sweetest little Nib Nib,

You're sleeping so peacefully right now. So beautifully. I can imagine your little snores, and your mouth wide open. I can imagine your little heart shaped birthmark, and how I would kiss it right now. I want to kiss it so bad.

I want to roll over and just hug you from the back and kiss your back, and back of the head, and give you head scratches and back scratches. I wanna hear you mumble gibberish in your sleep. I wanna come back from the bathroom and have you immediately roll over and grab me so tight until I feel so at peace that I fall asleep immediately in your arms. I want to cuddle you with your head on my chest and your arm wrapped around me, with my leg wrapped around you. I wanna cuddle with my head on your chest, you hugging me so tightly and cosily. I wanna wake up at 3 in the morning and say "I love you baby, I love you so much" and hear you say "I love you too Bub Bub" and then yell "IGUANA" as you roll over to fall back asleep.

I want to wrap my arms around you as I koala you, and you hold my hand, and kiss it, while I kiss your gorgeous shoulders.

I want to wake up at an absurd time and give you a foot massage so that I can see that satisfied smile on your face, as you doze off into comatose sleep.

Mostly, I want to turn off the lights at night and say goodnight to you, and wake up to your beautiful face and say good morning with a kiss and a cuddle.

You're right when you say that when you love someone, you always feel sleepy around them.

Around you, I always want to just lie down, and cuddle you. My cuddly Nib Nib.

I can't wait for this next semester to begin, so that I can go to bed with you, and wake up to you. I can't wait, to spend the rest of my life, with you.

I love you my dearest Nib Nib

உன் மார்பில் சாய்ந்து சாகத்தோணுதே (I will live my life sleeping on your chest)

With endless love,

Bub Bub
